About This Game

NOTE: This is the first act of the game. You will not be able to play any further than that. If you wish to do so, you can purchase a copy of the game in Early Access or Wishlist it in order to receive an e-mail when it's fully released. Your unlocked achievements and save file WILL carry over to the actual game.

Winds of Change is a 2D Adventure game set in a living, breathing fantasy world. Embark on the journey of a lifetime! Join The Rebellion, amass an army, and liberate the world! Fully voice acted, with romance options, side quests, and optional content! Inspired by Dragon Age and Mass Effect. A huge amount of dialogue choices let you role play exactly as you want! Huge conversational trees! A game-changing 2D adventure project!

STORY

You are The Seer of Valinorth.

Blessed by the realm of spirits, you are given visions of the future in order to steer your nation's history down the right path. However, one night, a vision shakes the very foundation of everything you know. Forced to leave your home for good, you are thrust into the larger world of Alestia, and taken in by the arms of The Rebellion. Vying for freedom from the tyrannical rulers of the world – The Triumvirate -- The Rebellion fights for liberation.

At the center of this conflict is the mysterious "Blade of Exodus". Once belonging to The Triumvirate themselves, it seems the key to victory may lie in using their own weapon against them. But who can wield an artifact of such immense power? Is victory really

within reach, or will The Rebellion fall and be lost to history? The fate of everything rests on your shoulders alone, Seer.

Choose wisely, and enjoy your adventure...
